Dear Editor: Where are you hiding the Time Trapper? I've been waiting for a battle royal between him and the Legion for months now. He's the greatest antagonist they've ever faced, in my opinion. In the nearly twenty years I've been reading comics, by the way, the Legion is the most exciting creation you have yet produced. —David Briggs, New York, N.Y.

(The Legionnaires are determined to end the Time Trapper's career during the new year, so watch for a showdown in the very near future. —Ed.)

* * *

Dear Editor: In ADVENTURE No. 310, you have Mr. Mxyzptlk the Fifth. If the first one is in the 20th century and the fifth one in the 30th century, each Mxyzptlk would have to live over 200 years. Let's see you get out of this. —Bruce Fisher, South Point, Ohio.

(Don't you know that life spans are much longer for inhabitants of the Fifth Dimension? —Ed.)

* * *

Dear Editor: I really liked "The Revolt of the Girl Legionnaires." And I thought it was cute at the end when Element Lad said he wished the girls had been on the level with their romances. So do I! Why can't the Legionnaires have more romance? I know Lightning Lad and Saturn Girl are destined to marry, but when? With all those cute girls and handsome boys, surely a few romances would start. —Unsigned, Kimball, Nebr.

(Let's see—we've established in past stories that Brainiac 5 likes Supergirl, Night Girl has a crush on Cosmic Boy, Phantom Girl admires Ultra Boy, Star Boy goes for Dream Girl, Shrinking Violet loves Duplicate Boy, and Light Lass is crazy about Lone Wolf. If we give you a few more romances in the future, will you give us your name the next time you write? —Ed.)

* * *

Dear Editor: I would like to know why Polar Boy, of the Legion of Substitute Heroes, was rejected when he applied for membership in the Legion of Super-Heroes. After all, his cold-producing power is just the opposite of Sun Boy's power of creating heat. —Roy Cunningham, Pine Bluff, Ark.

(The Legionnaires were afraid he couldn't properly control his frigid powers, so they gave him the "cold shoulder." —Ed.)

* * *

Dear Editor: In "Lex Luthor Meets the Legion," you show Ultra Boy flying down and using his penetra-

vision. Since he can only use one power at a time, what gives? —Kevin Martin, Houston, Tex.

(As he landed, he instantly switched from flying power to ultra-vision. —Ed.)

* * *

Dear Editor: What does that cloud sort of thing on Light Lass' costume mean? —George Horner, San Antonio, Tex.

(It is a cloud and was supposed to indicate that she could make objects as light as a cloud. But apparently others have had the same trouble with it that you have, because she changed it for a feather emblem a couple of issues back. —Ed.)

* * *

Dear Editor: I discovered a major mistake in the story, "Lex Luthor Meets the Legion." You had Luthor wearing a wig. Yet you have previously stated that he tried to wear a wig, but discovered he was allergic to any human hair other than his own and he couldn't find an effective synthetic-hair wig. So how could he appear in a wig in this story? —Danny Odess, North Palm Beach, Fla.

(With a great deal of discomfort. Didn't you notice how he took his wig off whenever he was alone? It just goes to show what Luthor will go through for revenge! —Ed.)

* * *

Dear Editor: To quote from the Legion Constitution: "The Legion's leader shall be chosen each year in a manner to be determined by a vote of three-fourths of the entire active membership." So what's this nonsense about a pet (smarter than 99% of the Legion) giving a test to determine the leader? I know you won't print this, because you can't worm out of it. —Kenneth L. Gartner, Elmont, L.I., N.Y.

(If you'll check the story in question—"The Eight Impossible Missions"—you'll find that the Legionnaires voted unanimously to let Protty's puzzle decide the new leader. And we don't feel he's smarter than the Legionnaires, either. A puzzle that's easy to devise can sometimes be mighty hard to solve. —Ed.)

* * *

Dear Editor: In the Hall of Fame Classic, "Superboy's Switch in Time," Pa Kent is angry at Clark and says he's going to give him a lesson—with a hairbrush! He knows Clark is invulnerable. So how could the hairbrush hurt him? —Eddie Scott, Stafford, Va.

(Of course Pa Kent couldn't hurt Superboy, but the action was an outlet for his anger. Moreover, how did you expect Pa Kent to discipline his super-son—with Kryptonite? —Ed.)

KNOW YOUR LEGIONNAIRES

For newer readers, who missed our earlier Legion stories, we present this brief rundown of the Legionnaires, their origins and powers.

BOUNCING BOY (Chuck Taine), while an errand boy for a scientist, drank a bottle of super-plastic fluid, mistaking it for soda-pop. This gave him super-bouncing power. Later, a laboratory accident deprived him of this ability. He is now a member of the Legion reserve.

BRAINIAC 5 (Querl Dox) is a direct descendant of Vrll Dox, who was adopted by the original Brainiac, Superman's foe, and renamed Brainiac II. Brainiac 5 has a super-powerful computer-brain—though it is a human brain and not an electronic computer like the original Brainiac's.

CHAMELEON BOY (Reep Daggles) came from the planet Durla, where everyone can assume any shape he chooses. He is the leader of the Legion's Espionage Squad, since he can spy on criminals while disguised as a crook, an animal, or even a tree.

COLOSSAL BOY (Gim Allon) was an ordinary lad until contact with a strange meteor gave him the power to grow to gigantic size.

COSMIC BOY (Rokk Krinn) came with his parents from the planet Braal, where the people evolved magnetic powers to battle the metal monsters of that world. With Lightning Lad and Saturn Girl, Cosmic Boy was one of the Legion's original members.

ELEMENT LAD (Jan Arrah) was the only inhabitant of the planet Trom to escape being wiped out in a battle with space-criminals. Trom's radioactive environment caused the people to evolve the power to change the atomic structure of elements by mental radiations.

INVISIBLE KID (Lyle Norg) is a young scientific genius who invented a serum that gives him the ability to become invisible at will. He is a member of the Espionage Squad, since spying is easy for him.

LIGHT LASS (Ayla Ranzz) is Lightning Lad's sister and once had the same lightning powers, which she got at the same time. She was then called Lightning Lass. But an electrical blast from a generator changed her power to the ability to make things super-light, so she became Light Lass.

LIGHTNING LAD (Garth Ranzz), with his sister and brother, was struck by electrical charges from lightning-monsters of the planet Korb, endowing all three with lightning powers. Lightning Lad and his sister (now Light Lass) used their powers for good; but their brother, Lightning Lord, became a criminal.

MATTER-EATER LAD (Tenzil Kem) came from the planet Bismoll, where, over a period of eons, microbes made all food poisonous. To survive, the people evolved the ability to eat anything. With his super-strong teeth and super-digestion, Matter-Eater Lad can eat his way through stone, iron, wood, or any other material, with no ill effects.

MON-EL (Lar Gand) was born on the planet Daxam, under a red sun. As a youth, he made a flight to Krypton, where Jor-El, Superboy's father, warned him of that world's coming doom and gave

him a space map. An accident caused him to drift in space for years, in suspended animation, until he landed on Earth. Here he gained superpowers from the yellow sun, but he had amnesia. Superboy, finding Jor-El's map on him, thought the youth was his big brother and named him Mon-El, for the day he found him (Monday) and his family name on Krypton (El). Later, contact with lead, which is deadly to him, restored Mon-El's memory; but it would have killed him if Superboy had not saved him by projecting him into the Phantom Zone. There he remained for 1,000 years, until Brainiac 5 invented a serum which, taken at 24-hour intervals, makes him immune to lead and gives him super-powers even under a red sun.

PHANTOM GIRL (Tinya Wazzo) came from the 4th-dimensional world of Bgztl, which occupies the same space as Earth. She can dematerialize at will and pass through solid objects.

SATURN GIRL (Imra Ardeen) is serving her second term as the Legion's leader. She comes from Saturn, where all people have strange mental powers. She can read minds, send telepathic messages, and command all sorts of creatures mentally.

SHRINKING VIOLET (Salu Digby) comes from the planet Imsk, where everyone can shrink to tiny size.

STAR BOY (Thom Kallor) was the son of an astronomer who lived in an orbiting space-observatory, which picked up starlight for research. When Thom was born there, the starlight gave him the power to draw mass from the stars and use it to make anything super-heavy.

SUN BOY (Dirk Morgna) was accidentally locked in an atomic reactor chamber. The atomic bombardment transformed him into a blazing beacon of heat and light.

SUPERBOY (Clark Kent, born Kal-El) came from the red-sun planet, Krypton, as an infant. When that world exploded, his father, Jor-El, sent him to Earth in a rocket. Under our yellow sun, he gained his various super-powers. The Legionnaires went over 1,000 years into the past to enlist him as a member.

SUPERGIRL (Linda Lee Danvers, born Kara Zor-El), Superboy's cousin, came to Earth when he had grown up to be Superman. She was born in Argo City, a community of Krypton which was thrown off in one piece and preserved under a plastic dome when that world exploded. She was sent to Earth in a rocket when a type of Kryptonite wiped out Argo City. She has the same powers as Superboy.

TRIPLICATE GIRL (Luornu Durgu) comes from the planet Cargg, where a triple sun imbued all inhabitants with the power to split into three bodies.

ULTRA BOY (Jo Nah), of the planet Rimbor, was charged with ultra-energy when his space-speedster was swallowed by an energy-beast. A passing galactic cruiser saved him by slicing the monster open. He has ultra-strength, invulnerability, ultra-speed and ultra-vision, but can only use one power at a time. His penetra-vision can even see through lead and his flash vision can melt that metal.

ENCYCLOPEDIA OF STRENGTH

STRONG MEN
OF HISTORY. PUBLISHED
BOOK

INCLUDING
THE 100 NEW SUPER-
FEATS OF SUPERBOY
PERFORMED ESPECIALLY
FOR THIS BOOK!
PUBLISHED BY
HIRAM BLAINE

WHAT'S
THIS?

DANCE
TONIGHT

MOST ASTONISHED OF ALL IS YOUNG CLARK
KENT, WHO DARTS INTO A SECLUDED ALLEYWAY,
AND...

I NEVER PROMISED
TO DO 100 NEW FEATS FOR
THAT PUBLISHER! I'LL
SEE HIM RIGHT AWAY--
AS SUPERBOY!

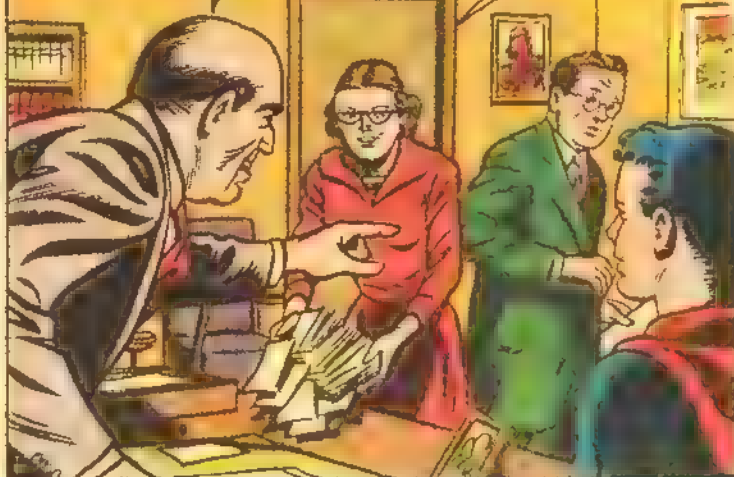

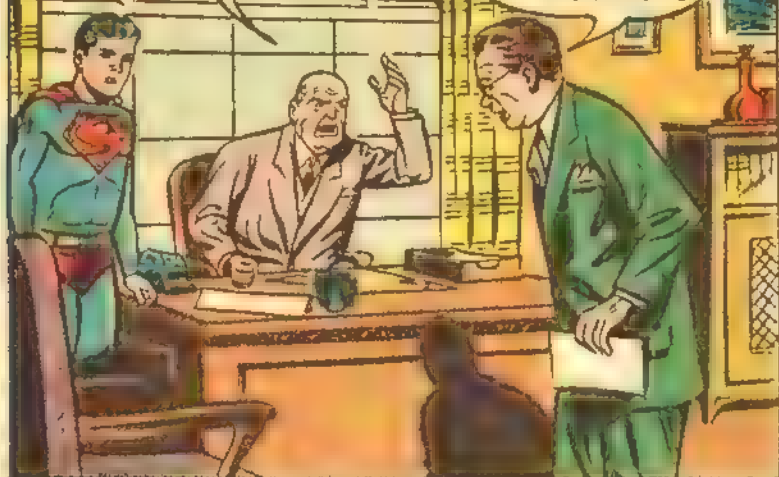

SHORTLY, IN THE OFFICE OF PUBLISHER HIRAM BLAINE...

GREAT SCOTT! THIS IS THE FIRST I'VE HEARD OF IT! WHICH OF MY EDITORS IS RESPONSIBLE?

I... I AM, SIR! I GOT THE SENSATIONAL IDEA WHILE YOU WERE AWAY ON BUSINESS! PERHAPS I WAS TOO... ER... IMPETUOUS?

IMPETUOUS IS RIGHT, TODD-- ESPECIALLY, COMMITTING **SUPERBOY** WITHOUT HIS PERMISSION! YOU'RE FIRED, YOU IDIOT!

LOOK, SIR! ORDERS ARE FLOCKING IN FOR THE **ENCYCLOPEDIA OF STRENGTH!**

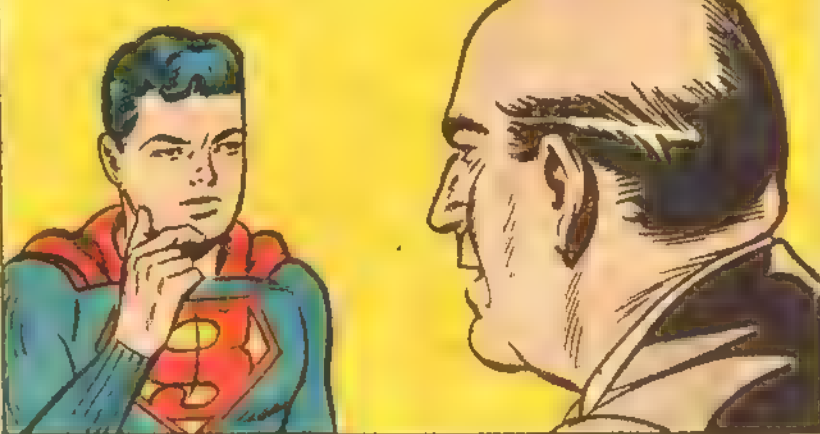

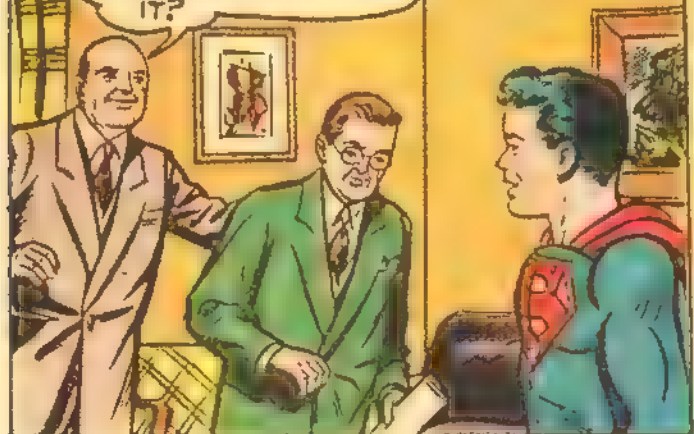

OH? WELL-- UH-- LIKE I SAID, YOU'RE A GENIUS, TODD! YOUR BOOK WILL BE A BEST-SELLER! AND IF YOU DO THOSE 100 SPECIAL FEATS, **SUPERBOY**, I'LL SPLIT THE PROFITS WITH CHARITY! HOW ABOUT IT?

HMM... THAT MAKES IT WORTH WHILE TO TRY!

BUT 100 NEW SUPER-FEATS WON'T BE EASY TO THINK UP! I CAN'T GUARANTEE THAT I'LL SUCCEED!

IF YOU FAIL, I'LL LOSE HEAVILY ON THE ADVANCE ADVERTISING!

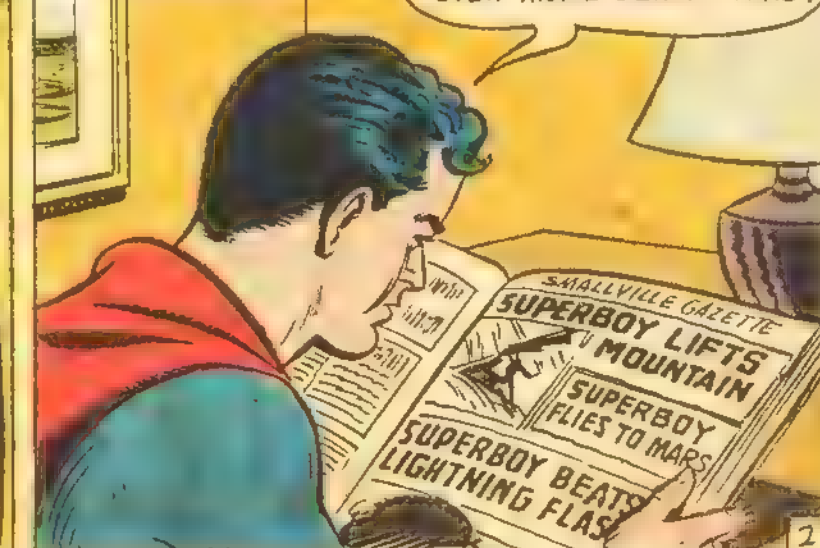

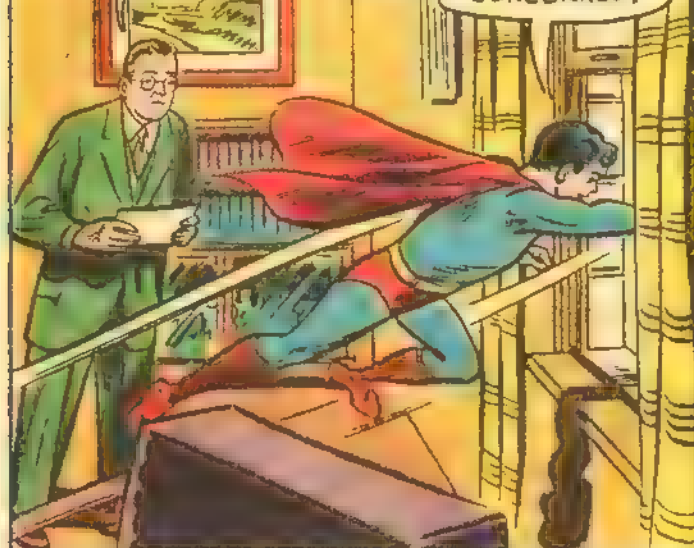

AND I'LL LOSE MY JOB...

NOT TO MENTION CHARITY LOSING OUT! I'LL DO MY BEST, FOR THE SAKE OF ALL CONCERNED!

LATER, BACK HOME, AS **SUPERBOY** CHECKS HIS SCRAPBOOK OF FORMER DEEDS...

THROUGH THE YEARS, I'VE PERFORMED INNUMERABLE SUPER-FEATS! HOW CAN I HIT ON 100 NEW ONES, EVEN MORE SENSATIONAL?

IDEAS START TO FLOW--
AND **SUPERBOY** SOON
COMMENCES HIS TASK...

MY FIRST FEAT IS A
NEW DEMONSTRATION OF
SUPER-SPEED! I'LL CALL
A NUMBER 1,000
MILES AWAY...

HELLO! IS
SUPERBOY
THERE, PLEASE?

NOW TO
OUTPACE MY OWN
VOICE TO THE OTHER
END...

YES, I'M
HERE! HI,
SUPERBOY!

THE NEXT FEAT SEEMS ORDINARY ENOUGH...

GOSH,
HE'S BEEN UNDER
AN HOUR ALREADY!

BUT A CLOSER LOOK AT A
NEARBY SIGN REVEALS HOW
DIFFERENT IT REALLY IS!

ACME CHEMICAL PLANT

CAUTION
CORROSIVE
ACID

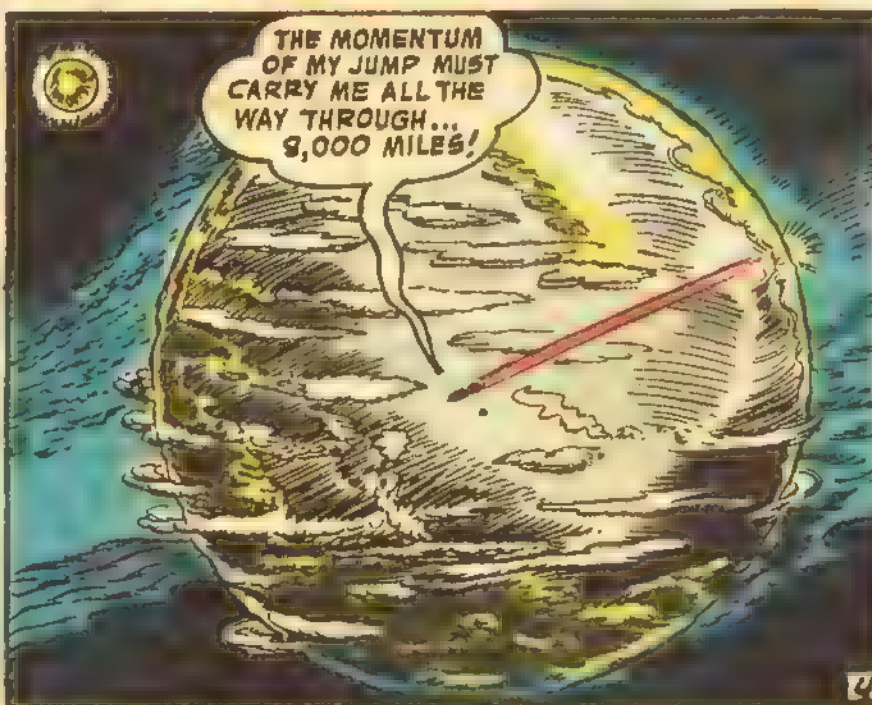

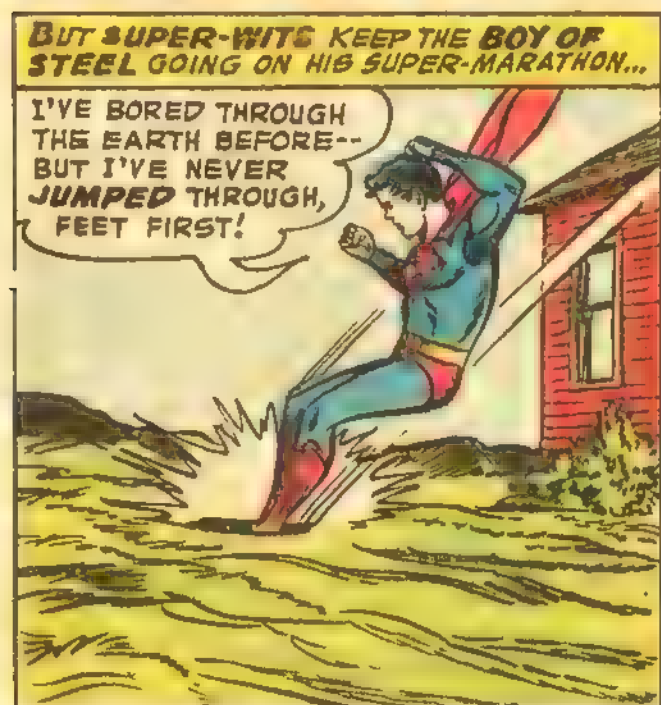

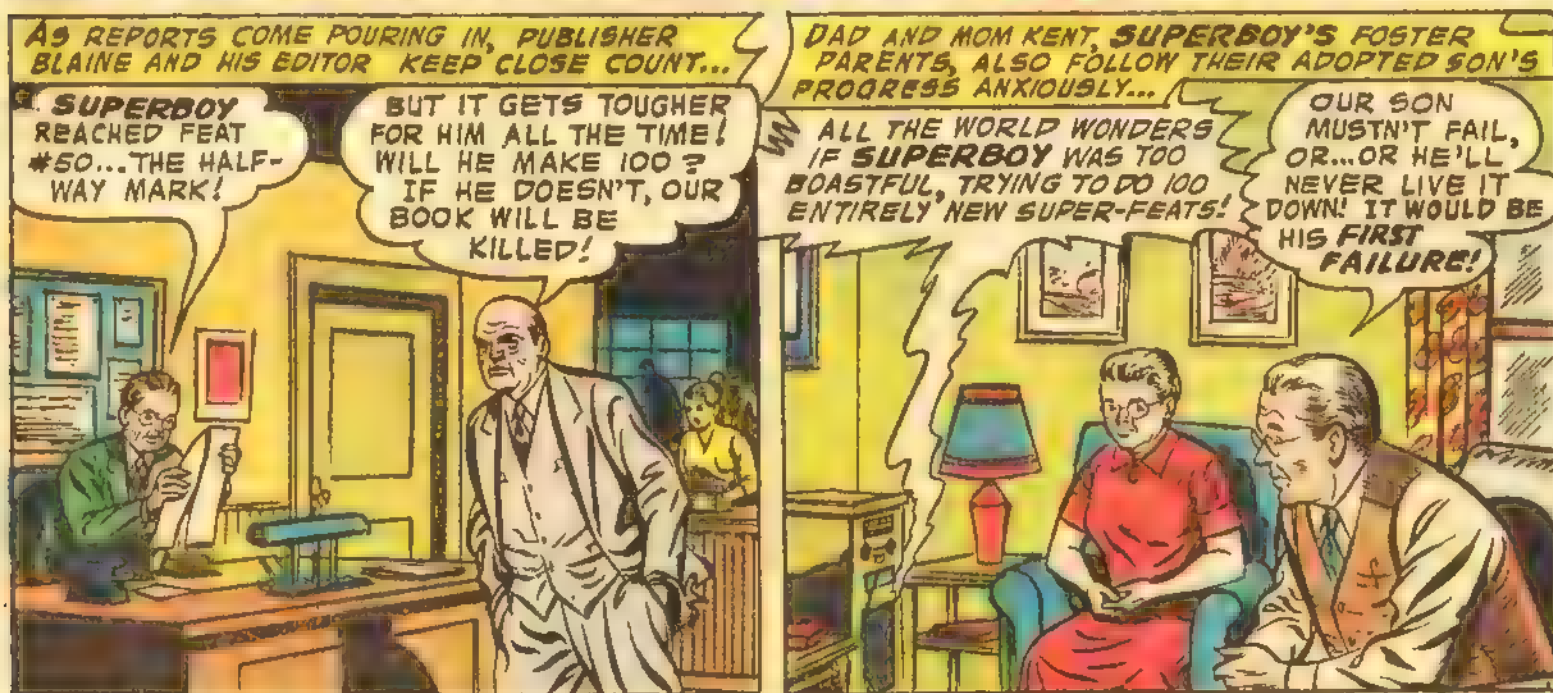

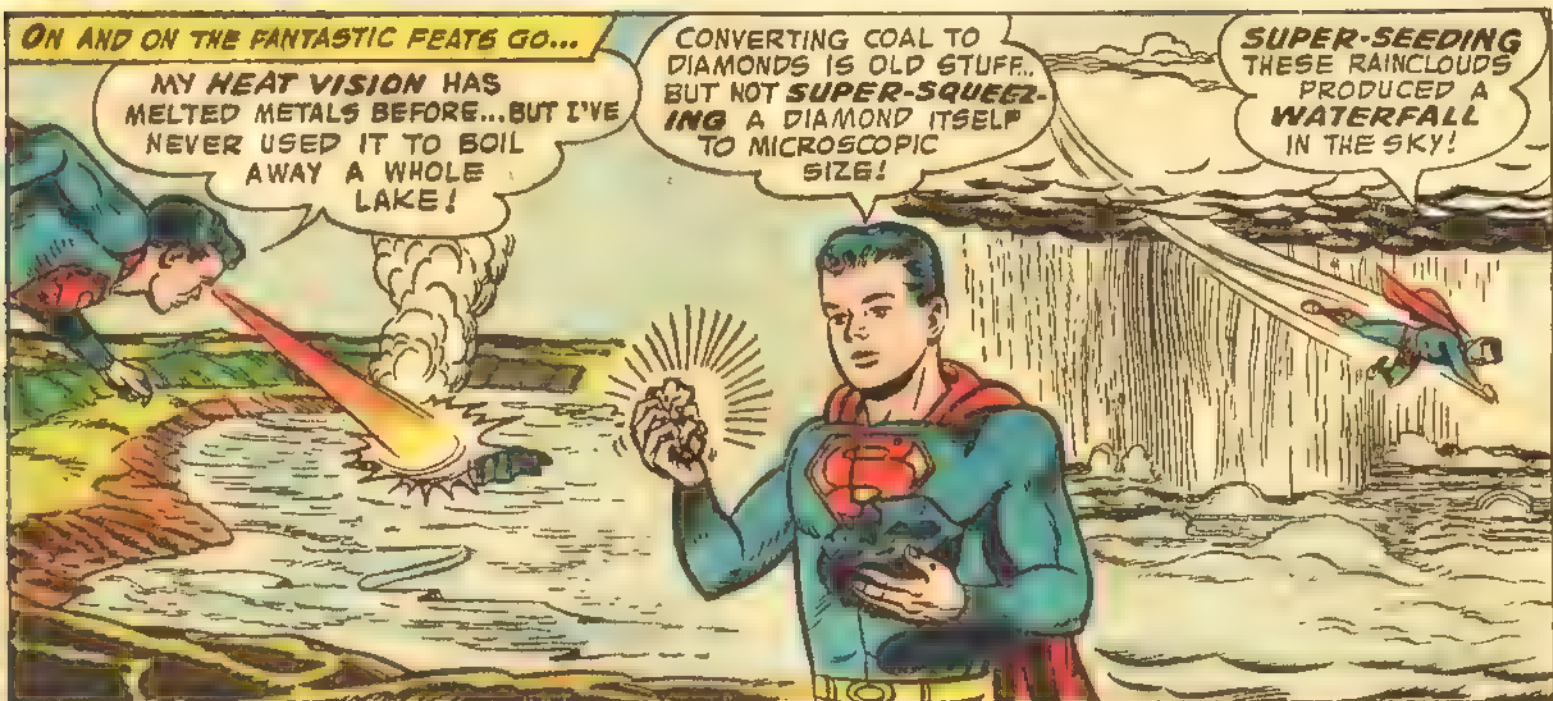

I NEVER
STAYED UNDER
ACID BEFORE! IT'S
DISSOLVING THAT OLD
AUTO WRECK!

ANOTHER UNIQUE "FIRST" SENDS **SUPERBOY**
FLYING INTO STORM CLOUDS WITH SPECIAL
EQUIPMENT...

I'VE OFTEN SUR-
VIVED SINGLE LIGHTNING
BOLTS... BUT THESE
METAL RODS WILL
ATTRACT A DOZEN
FLASHES AT ONCE!

AS BILLIONS OF VOLTS STRIKE THE
INVULNERABLE **BOY OF STEEL**...

HA, HA...
IT
TICKLES!

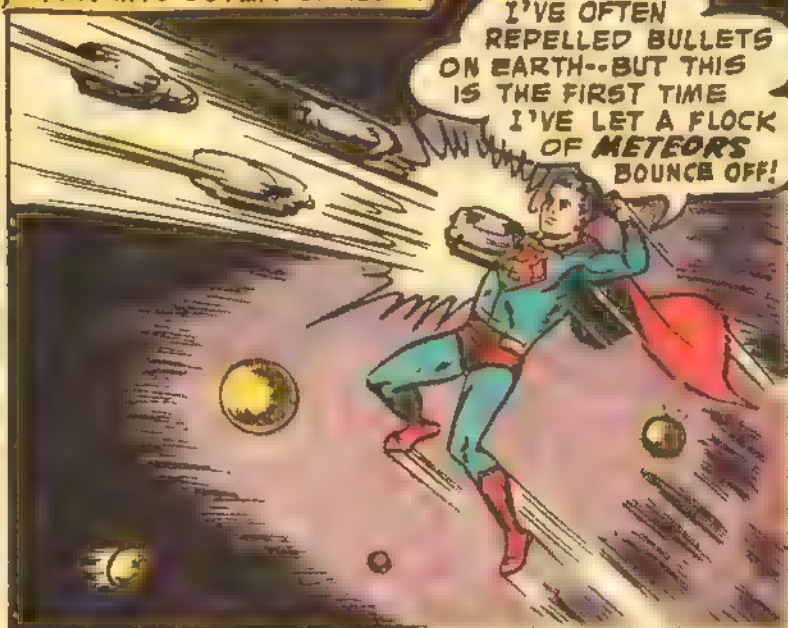

SECONDS LATER, HALFWAY AROUND EARTH...

MADE IT! THIS SHOULD BE AUSTRALIA! I'LL SEE IF THOSE ANIMALS ARE KANGAROOS, AFTER I TURN... ER... RIGHTSIDE UP!

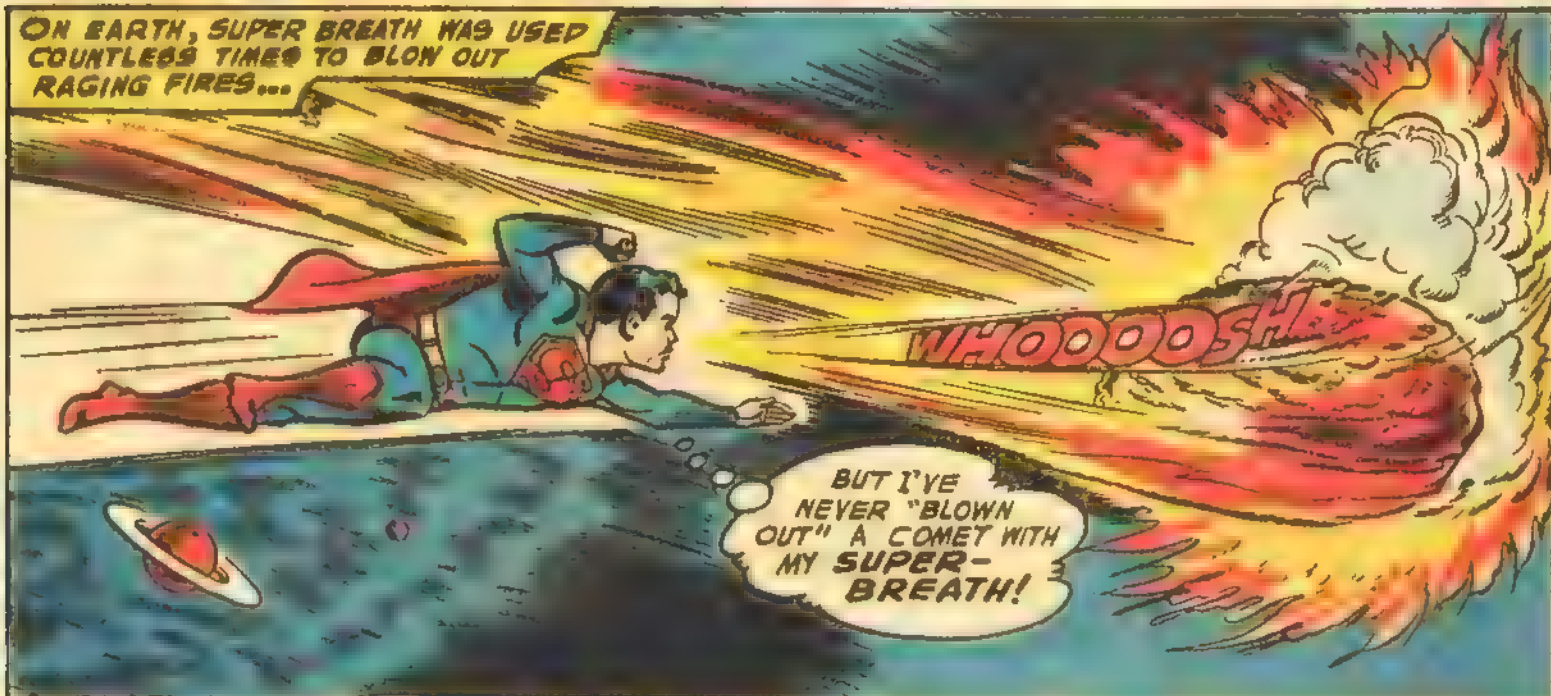

THE NEXT FEW FEATS BRING SUPERBOY FAR INTO OUTER-SPACE...

I'VE OFTEN REPELLED BULLETS ON EARTH--BUT THIS IS THE FIRST TIME I'VE LET A FLOCK OF METEORS BOUNCE OFF!

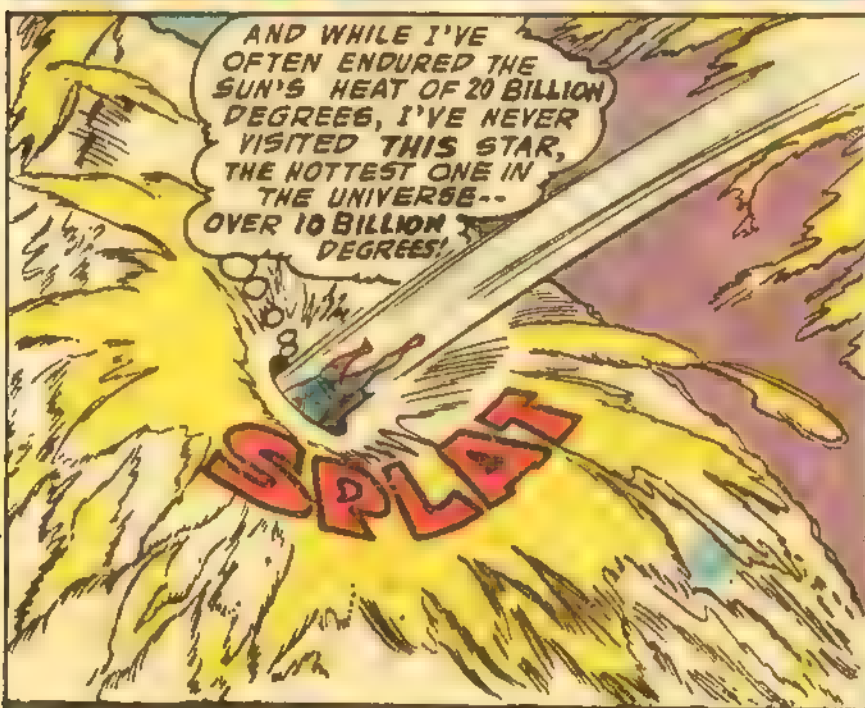

ON EARTH, SUPER BREATH WAS USED COUNTLESS TIMES TO BLOW OUT RAGING FIRES...

BUT I'VE NEVER "BLOWN OUT" A COMET WITH MY SUPER-BREATH!

AND WHILE I'VE OFTEN ENDURED THE SUN'S HEAT OF 20 BILLION DEGREES, I'VE NEVER VISITED THIS STAR, THE HOTTEST ONE IN THE UNIVERSE-- OVER 10 BILLION DEGREES!

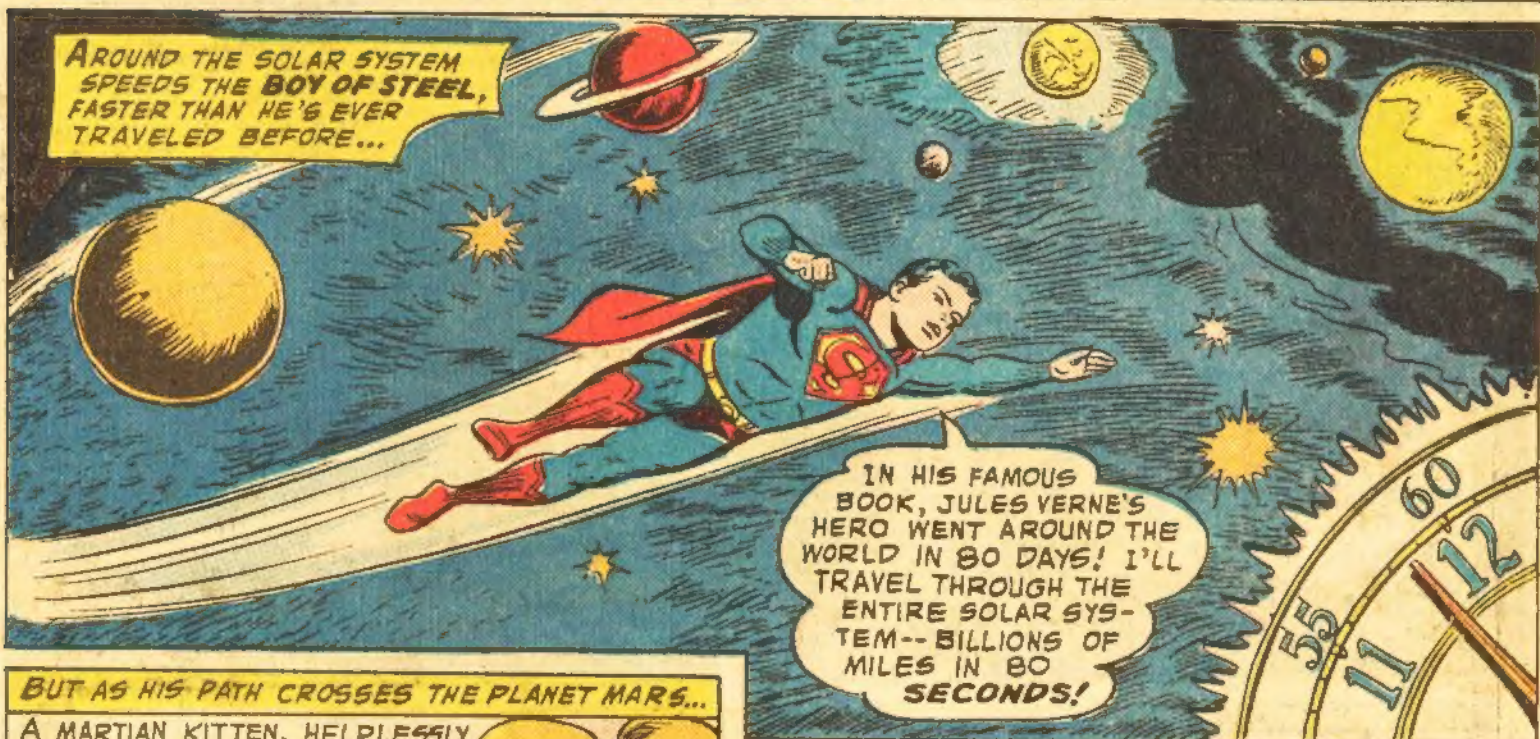

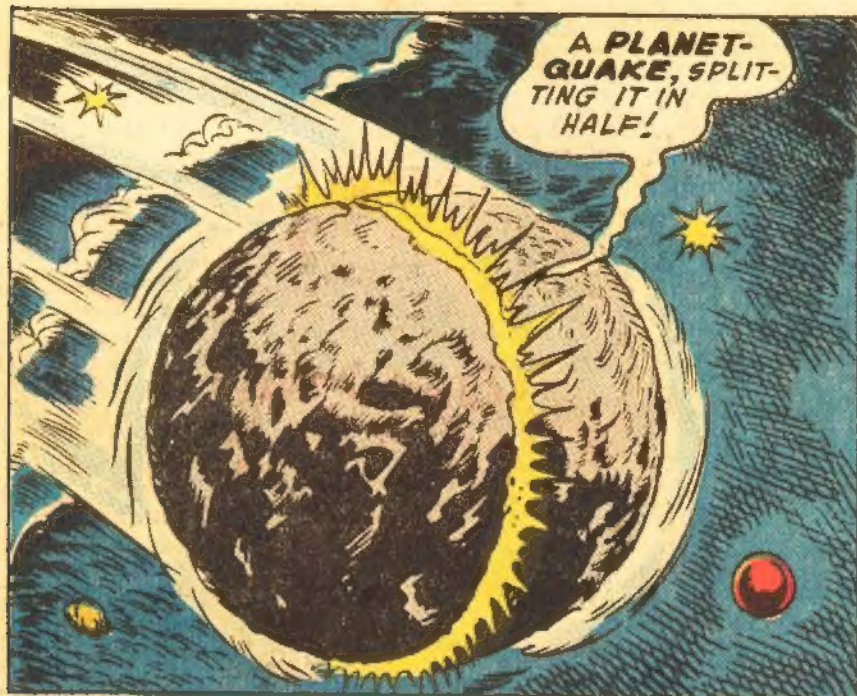

SPLAT

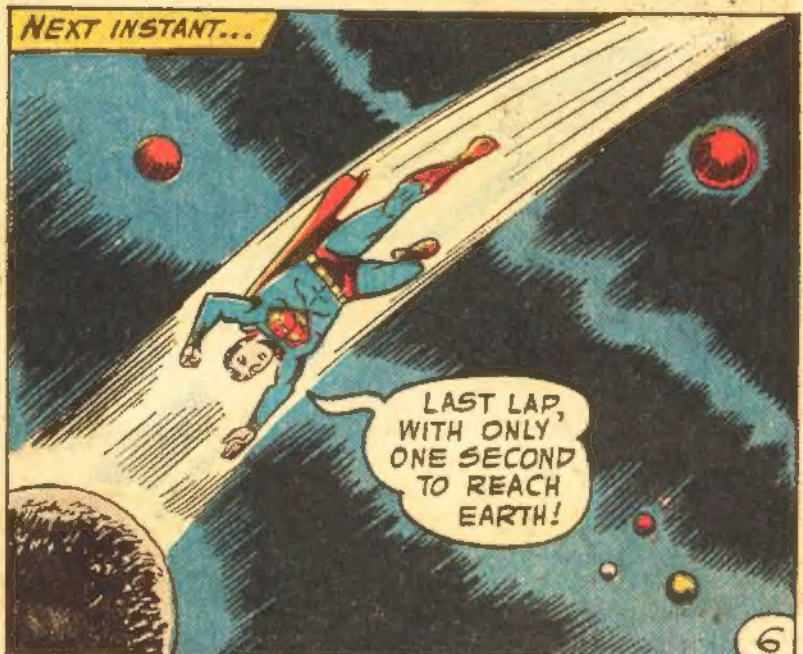

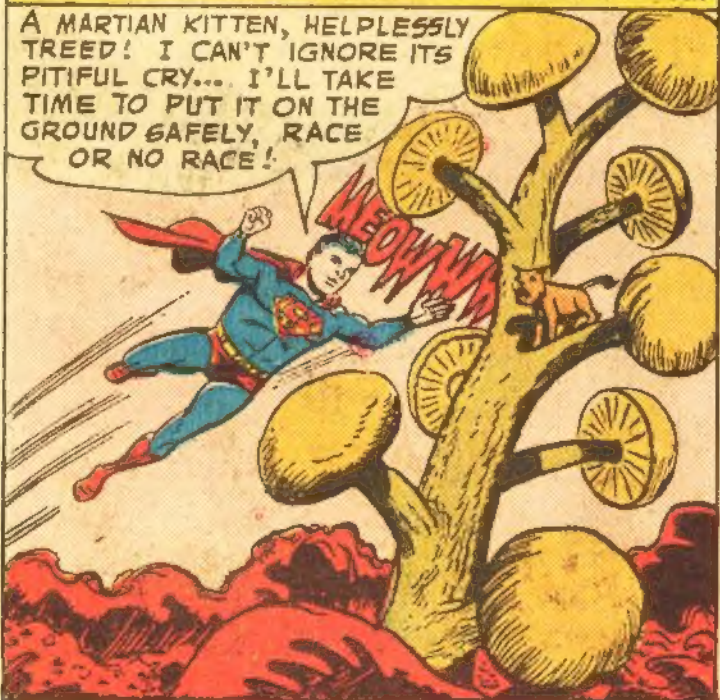

BACK HOME, WORKING UNDERGROUND, I'VE CREATED ARTIFICIAL EARTHQUAKES FOR SCIENTISTS TO STUDY... BUT NOW, I'LL USE THIS LIFELESS PLANET TO MAKE SOMETHING FAR BIGGER!

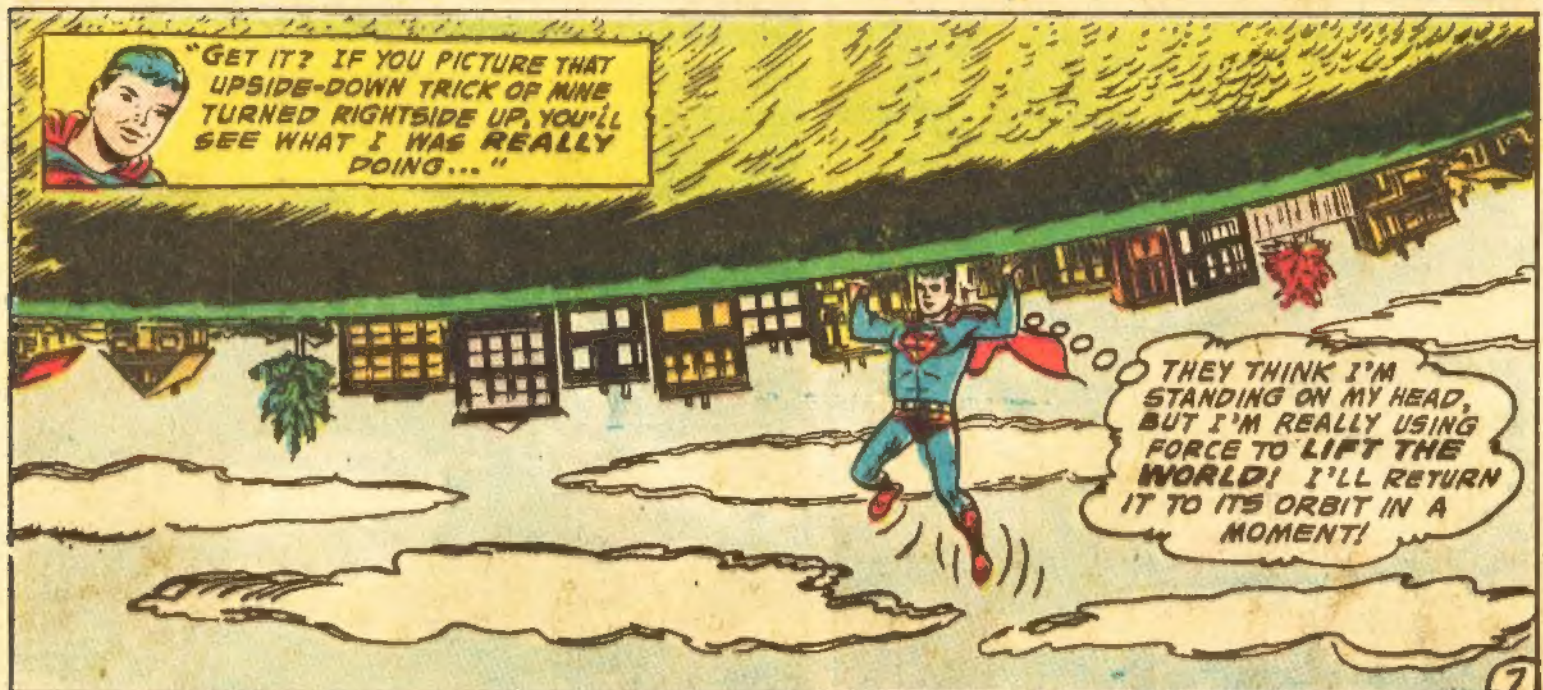

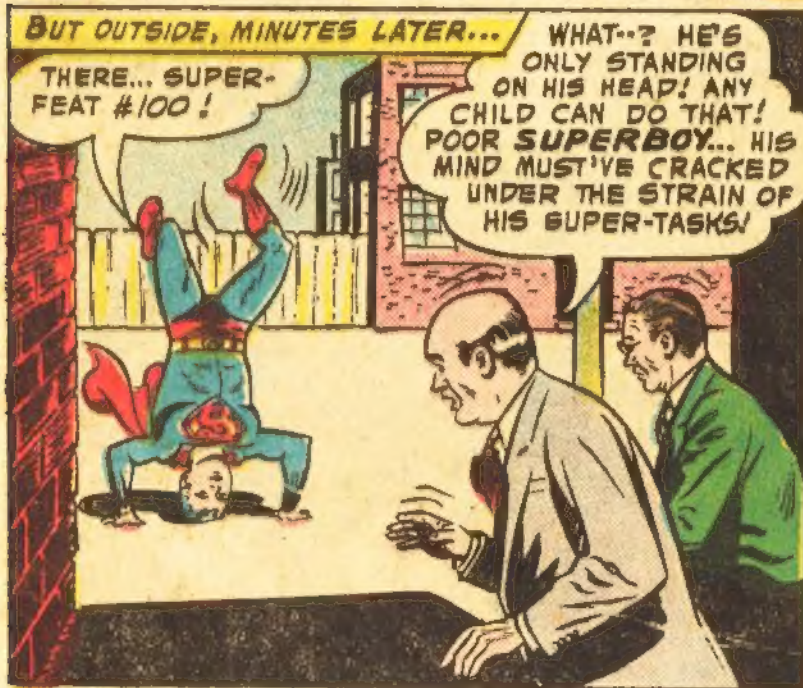

CONTINUED ON 2ND PAGE FOLLOWING.

BUT AS HIS PATH CROSSES THE PLANET MARS...

BUT THE BIGGEST SHOCK OF ALL IS YET TO COME...

GLOOM SWIFTLY SETTLES OVER THE DISMAYED TRIO...

WAIT, **SUPERBOY**... WE MISCOUNTED BEFORE! YOU'VE STILL GOT ONE MORE SUPER-FEAT TO GO!

OH, NO! I'LL NEVER THINK OF ANOTHER ONE! IT... IT'S IMPOSSIBLE!

GULP! WE CAN'T LIVE UP TO OUR ADVERTISING! THE BOOK WILL BE A LAUGHING-STOCK, WITH ONLY 99 DEEDS... A FLOP, NOT A BEST-SELLER! I LOSE ADVERTISING COSTS!

I LOSE MY JOB...AND **SUPERBOY** LOSES A DONATION FOR CHARITY! HAM... A PHONE CALL!

I'M AN ASTRONOMER AND CHECKED **SUPERBOY'S** FLIGHT AROUND THE PLANETS! STRANGELY, HE TOOK TOO LONG TO LEAVE MARS, AND WE'RE WONDERING WHAT DELAYED HIM THERE!

I DON'T KNOW... I'LL ASK HIM!

WHEN **SUPERBOY** EXPLAINS HIS MERCY MISSION ON MARS... YOU PAUSED TO SAVE A MARTIAN KITTEN! HOORAY!

DEED #100! THAT SAVES THE BOOK!

BUT--BUT I'VE SAVED HUNDREDS OF TREED CATS... WHO HASN'T? HOW CAN THAT COUNT FOR A "SUPER-DEED?"

YOU'LL SEE WHEN THE BOOK IS PUBLISHED, **SUPERBOY**!

AND SO, SOME WEEKS LATER, WHEN CLARK KENT PROCURES A COPY OF THE NEW ENCYCLOPEDIA OF STRENGTH...

SUPER-FEAT #100 WHILE SPEEDING AROUND THE UNIVERSE TO SET A NEW RECORD, **SUPERBOY** WILLINGLY SACRIFICED SOME PRECIOUS SECONDS, IN ORDER TO SAVE ONE SMALL KITTEN ON MARS!

GOSH! WHAT AN HONOR THEY PAID ME!

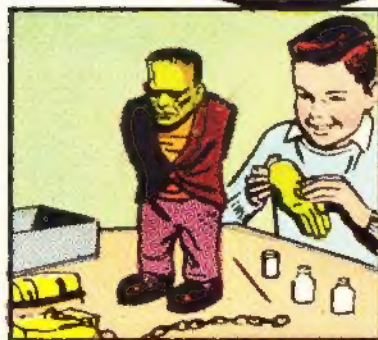

THUS, GREATER THAN ALL HIS SUPER-POWERS AND SUPER-FEATS IS... THE SUPER-HEART OF **SUPERBOY**
